

What is your best memory of high school?

"My favorite memory is when I had to wake up super early to go to a cross country meet in Union City. Kari "Mad Dog" Lenneman went psycho and gouged my eyeball out. The whole bus was there to witness it."

• Kellie Sebrell

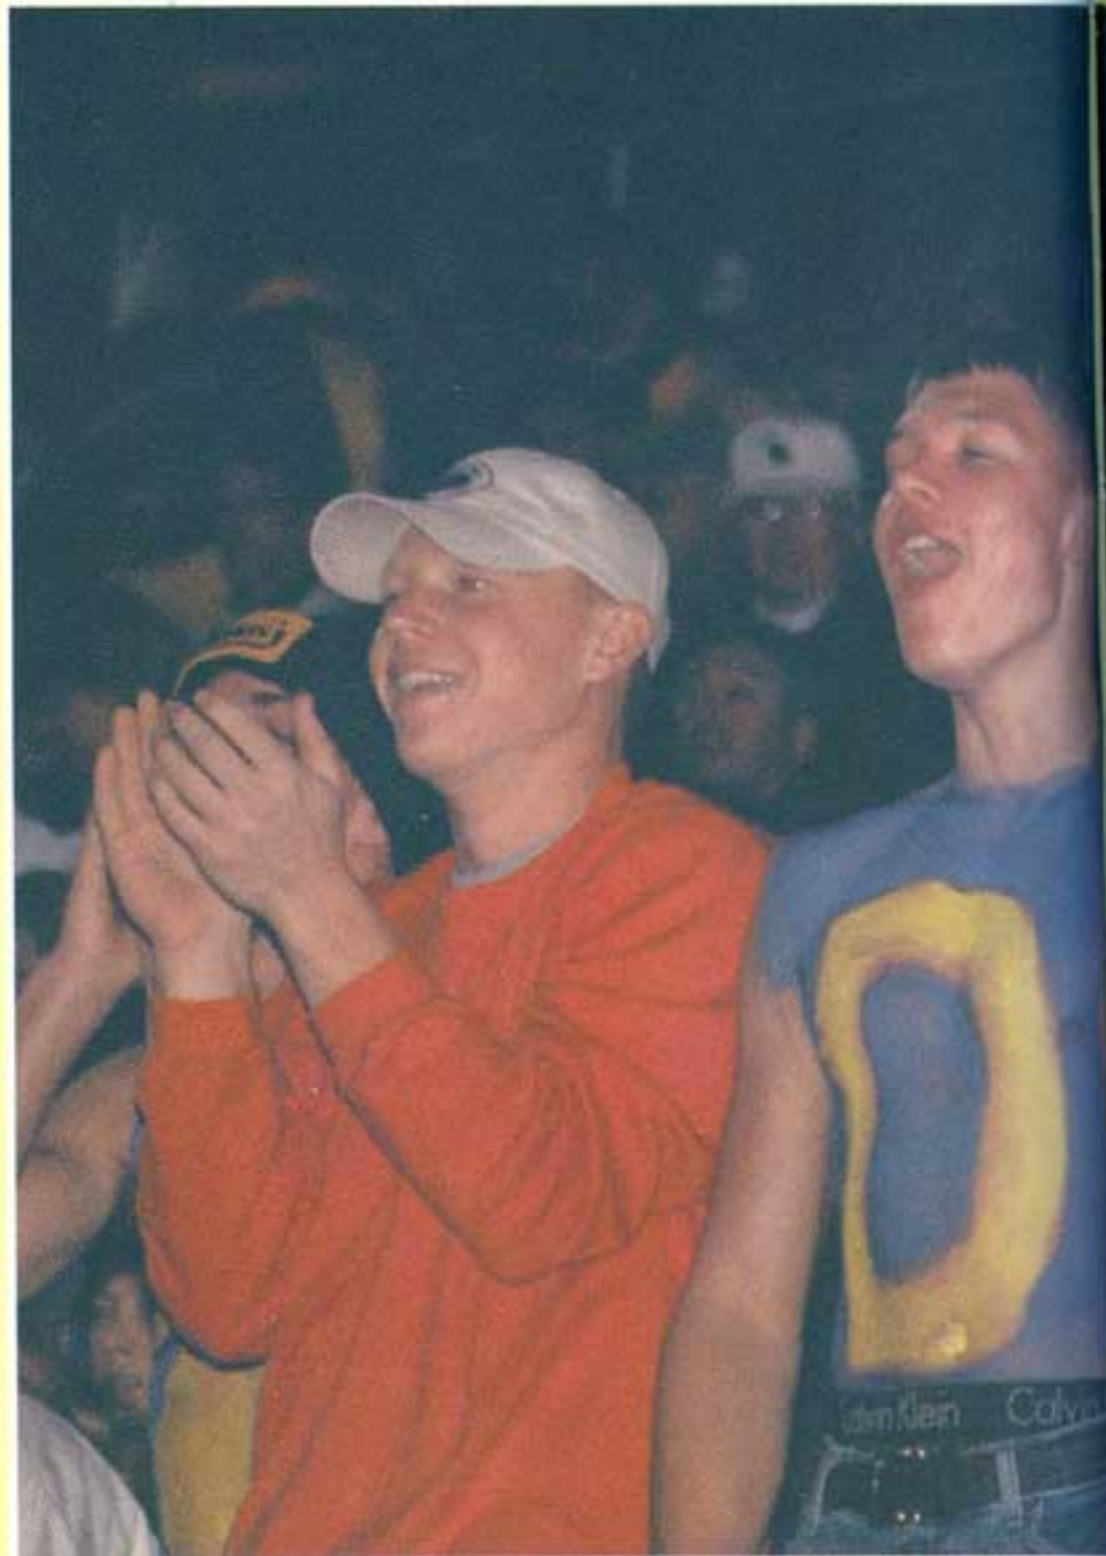

"My best memory is at regionals in tennis my senior year, our team did the best it has ever done. We came in fourth in the region. We also had the best record and took first place in two invitationals."

• Diana Farnum

"My best memory of high school is the last day of school my sophomore year when Aaron Schafer hurled a water balloon out of my passenger side window shattering another car's windshield and costing us both eighty bucks."
